GLOBAL ECONOMIC SUMMIT

TARGEST™ & TAGRRIFT™ 2025 Sponsorship Package

W W W . T A R G E S . C O M

HIS MAJESTY MPUNTUHENE

To Our Esteemed Royals, Global Stakeholders, Leaders, Partners, and Change-Makers:

It is with deep honor and profound purpose that I welcome you to the Inaugural African Royal Global Economic Summit (TARGES™) and the African Global Renaissance Royal Investment Forum (TAGRRIF™)—a historic convergence of heritage, innovation, and economic transformation. This summit is not just an event—it is a movement.

Born out of the dream to restore Africa's royal leadership as a central force in the continent's economic rebirth, TARGES™ is a sacred gathering of kings, queens, entrepreneurs, visionaries, and institutions from across the globe. Together, we are forging a new path that respects our traditions, activates our youth, and powers sustainable development through the unyielding force of unity.

HONORABLE CHRISTOPHER ALOYSIUS, PhD

To All Our Revered Royals, Partners in Progress, and Global Citizens of Conscience:
At this moment in history—when the world is searching for new models of leadership, equity, and resilience—I am honored to welcome you to the African Royal Global Economic Summit (TARGES™) and the African Global Renaissance Royal Investment Forum (TAGRRIF™).

This inaugural summit is more than a formal gathering. It is a call to higher service. It invites us to recognize that the ancient thrones of Africa were never meant to fade into symbolism—they are living institutions of wisdom, stewardship, and vision. TARGES™ rekindles this truth by placing Africa's Royal Courts at the center of the continent's developmental destiny.

We are convening not only as professionals, monarchs, and stakeholders, but as custodians of a greater promise—that the wealth beneath Africa's soil must uplift her people, that innovation must emerge from identity, and that sovereignty must mean something to every child from Cape Town to Cairo, from Accra to Addis.

THE AFRICAN ROYAL GLOBAL ECONOMIC SUMMIT

About The Summit

The African Royal Global Economic Summit (TARGES™) is a historic and visionary gathering that brings together African monarchs, global investors, policymakers, innovators, and development leaders to chart a new course for the continent's prosperity. Rooted in ancestral wisdom and driven by modern innovation, TARGES™ repositions African Royal Courts as central players in shaping economic sovereignty, sustainable development, and inclusive wealth creation. Hosted in the sacred Kingdom of Adukrom, Ghana, the summit serves as a powerful platform for launching initiatives in green infrastructure, AI, fintech, sovereign wealth, and alternative banking systems—while championing the cultural heritage and leadership of Africa's dynasties. It is more than a conference; it is the formal emergence of a united economic bloc built on dignity, tradition, and transgenerational impact.

What This Economic Summit Means To The World

The African Royal Global Economic Summit (TARGES™) represents a transformative milestone not only for Africa but for the entire world. It signals a global awakening—an invitation to reimagine leadership, wealth, and development through a new lens that harmonizes ancestral tradition with cutting-edge innovation. For the world, this summit marks the rise of Africa not as a peripheral player, but as a central architect of the global future, led by its Royal Courts, its youth, and its natural wealth.

TARGES™ is a global symbol of balance: it fuses royalty with responsibility, investment with inclusion, and heritage with high technology. It challenges outdated power structures by elevating sovereign African voices and offering alternative models of governance, economic systems, and social equity. Through its commitment to climate adaptation, financial transformation, and cultural diplomacy, the summit contributes tangible solutions to global crises—showing that Africa's liberation is not only Africa's gain, but humanity's hope.

In short, this summit is the world's opportunity to listen, partner, and grow—under the leadership of a continent finally standing in the fullness of its royal and economic power.

Global Impact & Significance

The global impact and significance of the African Royal Global Economic Summit (TARGES™) and TAGRRIF™ are both profound and multifaceted. It signals a paradigm shift in how leadership, wealth, tradition, and development converge—placing African Royal Courts at the center of the continent's transformation and positioning them as legitimate actors in the global economic order.

Reclaiming Africa's Global Narrative

Through the participation of royals, global investors, and thought leaders, TARGES™ becomes a platform to:

- Showcase African brilliance
- Correct historical misrepresentations
- Inspire renewed global respect for African institutions

Global Significance: TARGES™ is helping Africa move from extraction to ownership, from donor-dependent narratives to self-defined progress.

Mobilizing Strategic Investment into A Green & Digital Economy

With over €100 billion targeted for investment, the summit attracts international attention from:

- Sovereign wealth funds
- Private equity firms
- Climate innovation hubs
- Blockchain and fintech developers

Global Significance: TARGES™ connects African resources with responsible foreign capital, anchoring Africa as a growth engine for global climate and tech economies.

Global Impact & Significance

A Renaissance in Traditional Leadership

The global impact of the African Royal Global Economic Summit (TARGES™) and TAGRRIF™ is far-reaching and transformative—positioning Africa as a central actor in global economic evolution through royal leadership, strategic partnerships, and bold innovation. Here's a breakdown of its anticipated global impact:

Shaping The Conversations on Sustainability & Africapitalism

- With Africa's green economy projected at \$50+ billion, the summit provides a global case study in climate-aligned economic growth.
- Inspired by models like the Tony Elumelu Foundation, it promotes Africapitalism: inclusive capitalism grounded in African values, entrepreneurship, & social impact.

Empowering the Next Billion Innovators

- Africa is home to the world's youngest population. TARGES™ gives them tools, capital, and mentorship—positioning Africa as a global innovation frontier.
- The summit will shape a future in which youth-led African startups solve global challenges in healthcare, fintech, logistics, and beyond.

Institutionalizing Alternative Economic Systems

- TARGES™ promotes rare earth-based economies, inter-kingdom trade zones, and sovereign digital finance systems, challenging outdated global models.
- This helps diversify the global economy and reduce dependency on Western-dominated financial systems.

TARGES

Repositioning Africa on the Global Economic Map

- TARGES™ redefines the narrative of Africa—not as a recipient of aid, but as a driver of global economic progress, innovation, and climate leadership.
- It introduces African Royal Courts as sovereign stakeholders, bringing ancient governance into modern economic diplomacy.

Accelerating Global Investment Through Cultural Channels

- By leveraging trust in royal institutions, TARGES™ facilitates Foreign Direct Investment (FDI) in high-impact areas: renewable energy, AI, infrastructure, and alternative banking.
- The summit targets €100 billion in investment with measurable outcomes that benefit both Africa and international investors.

Forging a New Global Alliance Between Tradition & Technology

- TARGES™ is a platform for cross-border collaboration between monarchies, governments, NGOs, Fortune 500 companies, and the African diaspora.
- It integrates 4IR tools (Blockchain, AI, digital finance) within royal-led ecosystems, making Africa a testbed for future-ready governance.

Cultural Diplomacy as a Model for Global Peace & Stability

- By celebrating African heritage, royal customs, and spiritual stewardship, TARGES™ encourages global cultural respect and collaboration.
- This diplomacy model supports conflict resolution, conservation, and nation-building through unity under traditional leadership.

OUR PURPOSE

Our undivided pursuit is to drive the Continent of Africa to a competitive, world-class, and top- notch economic hub. The financial outlook for many Nations on the African continent, local governments, municipalities, and several institutions by select rating agencies charged with the responsibility of underscoring our economic and infrastructure development, is bleak; notwithstanding the economic stimulus within its context. Our main goal is to encourage the vast majority of funders and investors to enshrine the Spirit of Trust and servant-heart tutelage in the capable leadership of Monarchs, Royal elites, who have been endowed as the “Ancestral Servants” and/or “Ancestral Custodians” of the people.

GLOBAL ECONOMIC SUMMIT**

The Benefits of Sponsorship

Why a Company Should Sponsor These Events

This is no ordinary event. The African Global Renaissance Royal Investment Forum is one of the most prestigious and widely anticipated royal occasions in Africa in over a century, drawing:

- Global media (African and international networks)
- African royalty, heads of state, Fortune 500 executives, and cultural influencers
- Millions watching online and across the continent

Sponsors will be front-and-center across broadcast, digital, and print platforms, including press releases, event signage, backdrops, gift bags, gala presentations, and influencer coverage.

Strategic Access to New Markets and Networks

Sponsors gain privileged access to:

- African markets: especially in trade, energy, infrastructure, and tech
- Royal and government partnerships: including MoU signings, policy forums, and sovereign wealth forums
- Exclusive networking at the Royal Gala, Business Forums, and Private Dinners

This is a platform to connect with decision-makers, form international joint ventures, and drive market expansion across Africa and the diaspora.
